Bicycle Maintenance

Renters will have access to routine bike maintenance during the rental term. Labor and tool use are free, but renters will be charged for any parts deemed necessary for replacement.

Returning Your Rental Bike

All rental bikes must be returned to Dartmouth Bikes by the **date stipulated above**. Should a renter fail to return their bike to the Dartmouth Bikes shop in the basement of Fahey, but leave it to be collected by a mechanic elsewhere on campus, a **\$25 collection fee** will be charged (deducted from the deposit returned). **Rental bikes may not be kept during interim or graduation week, unless the renter agrees to continue renting in the term immediately following this (and must be in good standing)**.

All bikes must be returned in their original condition (except normal wear and tear). The original condition of the rental bike will be documented with photos and a written description on the day of bike pick up. Renters who return bikes with damage beyond normal wear and tear or who do not return their bikes will be charged the full cost of repairs or \$300, whichever is less. Renters are held accountable for bike damage, **regardless of cause**.
